---

Passionate Mobile Developer with more than 5 years of iOS Mobile Application Development Experience. I would like to be a part of challenging and growth-oriented organization in order to gain valuable experience, and to strive for the prosperity of an organization where my knowledge can be utilized and my talents explored in the field of information technology.

## WORK EXPERIENCE

---

**Nov 2023 – May 2025      iOS Developer      UBL Fund Managers      Karachi (Pakistan)**

- Developed “UBL Funds” App using Swift. UBL Funds app is a user-friendly application that provides you easy and direct access to your investments on the go. Investors have the convenience of monitoring their investments and conducting online transactions around the clock, from any location worldwide, with just a few clicks.  
(<https://apps.apple.com/pk/app/ubl-funds-smart-savings/id979130863>)
- Developed “AI Ameen Funds” App using Swift.  
(<https://apps.apple.com/us/app/al-ameen-funds/id6738091718>)

**Mar 2023 – Oct 2023      iOS Developer      Freelance      Karachi (Pakistan)**

- Developed E-Commerce based App – “Tjara” using Swift. Tjara App is a platform that allows people to bring their existing business online or perhaps even start their own online business. (<https://apps.apple.com/us/app/tjara/id1473913447>)

**Nov 2021 – May 2023      iOS Developer      NewSoftwares LLC      Karachi (Pakistan)**

- Used Objective-C and XCode to developed the application's core features, resulting in smooth user experience and performance.
- Developed Security App "Calculator #" for hiding personal photos, videos, documents etc. using Objective-C.
- Calculator #: It looks like a Calculator but it secretly hides your confidential Photos, Videos, Documents, Passwords, Notes, Contacts and To Dos. It disguises itself as a Calculator to make it impossible for prying eyes and hackers from discovering it.  
(<https://apps.apple.com/us/app/calculator-hide- photos-videos/id1165276801>)

**April 2021 – Aug 2021      iOS Developer      Novus Altair IT Services      Karachi (Pakistan)**

- Developed Security App “Novus Guard” using swift. Novus Guard is an all-in-one Workforce Management app that ensures Physical Safety (Lone work Protection) along with Fleet Tracking, Geo Fencing and Geo Tagging.  
(<https://apps.apple.com/be/app/novus-guard/id1418564392>)
